The design team are holding an exhibition of the design proposals that will form the basis of the planning and the listed building consent applications. This will be an opportunity to see the progress we have made on the project design to date and for you to learn about what will be happening next.

We will be available to answer any queries you may have. Refreshments will be provided and there will be displays of the final proposals.

We very much look forward to seeing you there. - *The Design Team.*
