

COLPAI PROJECT CONSULTATION UPDATE

Thank you to everyone who has taken part in the consultation for the COLPAI site so far. We have been asked to clarify the process and timings of the next phase of consultation, the submission and the determination of the planning application.

From Tuesday 18 April until Tuesday 2 May, the City of London Corporation will hold another two-week consultation on the updated scheme. We will publish the updated design drawings on the website and will also hold a public exhibition in the Golden Lane Estate Community Centre on **Thursday 20 April**. Full details will be confirmed and published on the website in due course.

Residents will have an opportunity to meet senior representatives from the City Corporation and members of the architectural design team to discuss the proposals.

We will be seeking written and verbal feedback from the community during these two weeks.

Thereafter, final amendments will be considered and a formal planning application made in May 2017 to both the London Borough of Islington and the City of London. A decision is expected in September 2017.

Residents should note that during the 13-week planning determination period a further 21-day statutory consultation period will take place.
