

## **Weekly Estate Bulletin – Golden Lane Estate.**

**Week ending 8 September 2017**

### **Estate Matters:**

#### **Temporary Parking**

Due to the commencement of refurbishment works at the Golden Lane Estate Community Centre this week, it has been necessary to relocate several residents' vehicles from their existing parking bays. As a result, visitor parking in the main carpark and on Basterfield House service road in particular will be very restricted for the next six months. Therefore, we would ask residents to avoid inviting visitors with cars to the estate unless absolutely necessary.

### **Communal repairs:**

#### **Bowater House**

There is a Faulty high level light on the slope leading to the garden area – this was reported to the repairs section on 5 September.

There is a faulty light outside flat 1 – this was reported to the repairs section on 8 September.

#### **Bayer House**

There are six cracked stair tiles on the east staircase – this was reported to the repairs section on 7 September.

#### **Hatfield House**

An electrician called earlier this week to investigate faults with various stair and landing lights throughout the block. New lights have been ordered and should hopefully be fitted next week
